1. **The affected tree(s) is/are of a size, type and condition, and in such a location and in such surroundings that removal would not significantly frustrate the purposes of the Chapter as set forth in Section 13.32.010 of the San Jose Municipal Code in that the subject trees cause continuous problems over the years with the sewer lines causing the need to unclogg and repair the lines at a great cost to the homowner.**

The applicant shall provide appropriate evidence such as, but not limited to, photographs and/or receipts to the Planning Project Manager, to verify compliance with the mitigation requirements. Such evidence should be labeled **TR10-050** and sent to the Planning Project Manager, within 30 days of the replacement of the subject tree(s).
