

You are invited!

The City of San Jose Planning Division and Green Republic would like to invite you to attend a community meeting to solicit your feedback on a General Plan Amendment and a Planned Development Rezoning to facilitate a development proposal on an 8.25 gross acre site at the southwest corner of San Carlos and Sunol Streets.

These changes include maximum building heights of 15 stories (160 feet in height), no more than 800 units total, live/work spaces, 30,000 square feet of retail along W. San Carlos Street and sustainable, pedestrian friendly amenities.

Community outreach is important to us, so we encourage you to attend our upcoming workshop to hear more about the new land plan and give your input and questions directly to project representatives.

Join us at
