

NOTICE OF COMMUNITY MEETING FOR THE FORMER SAN JOSE MEDICAL CENTER LAND USE AND HEALTH CARE STUDY

Location: San José City Hall – Council Wing Room W-118/119
200 E. Santa Clara Street, San Jose, CA 95113
Date: Wednesday, October 17, 2007
Time: 6:00 p.m. – 8:00 p.m.

Dear Neighbor,

City of San José Planning Division staff would like to invite you to a community meeting on the Former San José Medical Center Land-Use and Healthcare Study.

Background: The San José Medical Center that was located at 675 East Santa Clara Street closed on December 9, 2004. Just prior to the closure, the City and County jointly funded a health study, commonly referred to as the “Zaretsky Study.” After completion, the study concluded that there was a demonstrated need for certain types of health care services in Downtown San José. In response, the City Council directed Planning staff to initiate the Former San Jose Medical Center Site Land Use-Healthcare Study, which is intended to be a community planning process.

In April 2006, staff presented a framework for community engagement, including forming a Stakeholders Advisory Committee, for the Former San José Medical Center Site Land Use-Healthcare Study. The overall objectives for the San José Medical Center Land Use/Healthcare Study are two fold: 1) to identify priority health care needs and uses for downtown including which uses should be accommodated on the San José Medical Center site, and 2) define a feasible land use plan that represents the needs of the community.

Community Meeting: After more than a year in the process, the Advisory Committee is developing draft recommendations that will be presented to the Planning Commission and City Council at the conclusion of the Study. The purpose of the community meeting is to present key findings identified during the process and to gather public feedback on the draft recommendations. If you have any questions before the meeting, please contact:
