When:
Thursday, August 10, 2006
7-8:30 PM

Where:
Best Western Lanai Garden Inn & Suites
1575 Tully Road
San Jose, CA

The meeting is regarding a Public Storage Repackage at 1685 Aborn Road, San Jose, CA.

A Public Storage Facility currently occupies the 1.559 acre site at 1685 Aborn Road. The facility was built years ago to meet the public's need for mini storage. It consists of three one-story storage unit buildings totaling about 37,993 square feet. Most of the remaining non-building area is paved except for a landscape buffer along Aborn Road and King Road.

The owner proposes to demolish 27,565 square feet of the one-story building area and construct a new 4-story 104,234 square foot storage building in its place. Total square footage of storage area for the facility would be 114,662 square feet.
