

Subject: San Jose General Plan Task Force

Dear Mr. Crabtree:

I am writing to request you stop any further sprawl of San Jose. Adding more jobs without appropriate housing that truly takes into concern environmental needs, WHICH ARE ALSO HUMAN NEEDS AND THUS THE NEEDS OF THE CITY OF SAN JOSE, will only devalue the reputation and value of San Jose.

In addition, the current and only proposed plan, which destroys farmland and increases pollution, clearly does not support the goals of President Obama and the American people, who is extremely popular because of his concerns for the well being of our country and all of us.

So please distribute my comments to the Envision San Jose Task Force.

Please ask the Task Force to vote against any new development in Almaden Valley or Coyote Valley, including North Coyote Valley. And please ask them to request a "reduced scope" environmental alternative that allows reasonable job growth and sufficient housing to accommodate the new employment.

Thank you for your attention.
